About Me

As a goal-oriented software developer with eight years of experience in the field of programming, I always aim to do the tasks using my repertoire of agile methodologies.

Work Experience

ERNI Philippines Inc.

Software Developer *(Jan 2022 - present)*

★ Developed and enhanced mobile (iOS/Android), Windows desktop and web applications using C#, .Net Maui, .Net Xamarin and Angular JS.

★ Integrated robust APIs with .Net Core for seamless data exchange and managed end-to-end development.

★ Utilized Azure DevOps with Scrum/Kanban methodologies for efficient project lifecycle management, contributing to timely feature releases (CI/CD).

Koda Kollectiv

Software Engineer *(Jul 2015 - Jan 2022)*

★ Designed and developed cross-platform mobile applications using .Net Xamarin and implemented customized web applications using WordPress for client business websites.

★ Utilized project management tools like Trello and Jira to track status, manage workflows and facilitate transparent communication within the team, ensuring projects stayed on schedule.

★ Collaborated with the clients to gather requirements, provide technical insights and deliver solutions that aligned with the business objectives.

Education

University of Cebu

Bachelor of Science in Information Technology *(2011-2015)*

Cebu Institute of Technology - University

Bachelor of Science in Computer Engineering *(2006-2010)*
